

WEALTH

“For those who consider wealth in terms of the Earth’s currencies, real estate, material goods, or state or stature, consider this Truth that goes unnoticed...primarily because of the weakness of the flesh and the influence of the devil. Wealth on the Earth has no value in the heavenly realms, and wealth while on Earth is petty as compared even to the wealth in the ‘Marginal Heaven’.

I will put this into perspective for you; consider the most wealthy person currently living on Earth and what their money will buy. For the most straightforward example of this that will be meaningful to the most people, I will make it a highly visible set of assets—several blocks of buildings and real estate in a highly populated city; yes, this is all several billions of U.S. dollars will buy. Now draw your focus back and look at the complete city...then draw back further and look at the Country...then draw back and look at the whole Earth...those few city blocks no longer appear to have the extraordinary value assigned to the wealthiest person on Earth.

Now consider the poor human who has little in material wealth on Earth, but rather has a close walk with God in righteousness, holiness, and purity, and is in a right standing with God. After the short time on Earth, this person will drop the human physical, and put on a glorified body in Heaven—and it is likely that a very righteous person will attain many realms of Heaven and many rights of travel to far parts of the universes.

As the person travels they have complete freedom to experience all that God has created for as long as they wish, with no taxes or tariffs being assessed by God; you may say that their ownership of the heavenly assets is more free and absolute than ownership of anything on Earth, which all is subject to market, natural, and political risks. Truly this soul would be far more wealthy than any on Earth, if they only had access to another planet such as Earth with complete freedom of occupation. Furthermore, God can produce a copy of the Earth in a moment of Earth’s time, and He does routinely...thus rendering the few city blocks of a dying planet virtually worthless.

Do you see My point clearly? Wealth is fleeting, but absolutely fleeting after human death, and it can be a promoter of eternal poverty. The love of money is the root of many sins, and sins are abhorrent to God; and will either cause a separation from God and all His wealth permanently or temporarily, while the soul is perfected and purified in one of the realms of correction—then all wealth is sacrificed, and the attention of all heavenly wealth is predicated on exactly what is required for true wealth initially; i.e. righteousness, holiness, and purity, guided by love.

Humans who do not follow The Father in Heaven are essentially living their lives backwards, in that they should be 'giving up to gain, not gaining to give up'. God is real and all of history and science proves it. Do not be a fool and cheat yourself from a life eternal with wealth so vast that you will not imagine even the boundaries of it.

Hold to the Hand of God, and walk with Him right through death into the heavenlies."

Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: But **lay up for yourselves treasures in heaven**, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: For where your treasure is, there will your heart be also. But as it is written, **Eye hath not seen**, nor ear heard, neither have entered into the heart of man, **the things which God hath prepared for them that love him**. [1 Corinthians 2:9](#)
