BE ENCOURAGED

“You did well by asking about God and Creation, for many have an interest and a curiosity about this. Much of Creation is out of the intellectual reach of humans in their present state...but after being glorified and depending on the degree—most of the secrets of past and future creations will be revealed and understood.

I can tell you that there are those who are now in Heaven, who are involved in the creation of various things, as God has enlisted them because of their glory and their interest to serve in this capacity, to the pleasure of God and the glorified human. Many of these are people who made a career on Earth of creation, e.g. scientists and engineers; and they are captivated by their new responsibilities in Heaven, for the things that they do are far above even the greatest man-made creations on the Earth.

So it goes for those others in Heaven as well, they pursue or are enlisted to do that which they enjoy and have a propensity for—and God loves to see all His children happy and growing in knowledge and love. There are professions that you have not heard of on Earth, for there are such a varied number of projects in Heaven, that the duties can hardly be named and they stretch between the realms and they are numerous.

Then there is the time of peace and all partake in it, and there is the time of study and growth, and there is the time of reverence, and the time of compassion and prayer, and the time of communion, and the time of exploration, and many other aspects of life in Heaven as well. No one in Heaven is idle or stagnant, for all live and are energized by the Light of God, and by all the precious foods that are intrinsically perfected for each state of the glorified body.

Imagine...always in a perfect state of health, knowing all you learn, realizing all you see, loving all and all loving you, challenged to a perfect degree based on your state of being, existing in a perfect balance. This is your future if you attain Heaven and it does not stop, ever.

Can you see why an existence of holiness, righteousness, and purity, while on Earth is a very small sacrifice to pay as the entry fee to Heaven? Heaven is far above the Earth in pleasures for humans, and it all is good and edifying to you and God. This is how you were created to be

without the influences of sin and Satan, and it is perfect and there is no pain—just an eternal existence of unbelievable joy, peace, happiness, and love.

God knows exactly what you need to be fulfilled for He made you to need these things, and they are all waiting for you in Heaven—and many that are like you wait in Heaven for your arrival, and they will be your eternal friends and companions and you will enjoy them immensely. All will put each ahead of themselves, and one will give freely of whatever God has given them, then God restores the gifts and blesses abundantly. All will have everything that they need and every opportunity to grow in spirit and grow closer to God, and this is the ultimate fulfillment; for when one knows more about God, one knows more about everything, for everything is revealed in God and He gives of Himself freely.

I wish that I could impart this directly to you so that you would desire highly to focus your entire being in the pursuit of God, but you must do it yourself....and freely choose God; for this is the Covenant for you. I can give you the knowledge but I cannot change your heart, this is your test and trial to win, and you have many who are behind you—hoping and praying that you succeed.

Press on to the holy things of life while on Earth, for it is just a short test of your heart and your will.

Be strong, children.”
