

THE GATES OF HEAVEN

“This day I will tell you about Heaven’s Gates. Many have wondered about this item mentioned in My Word and in many prophecies and many heavenly experiences that have been granted by The Father.

Bear in mind that there are more than one Gate, for the studied they will see evidence of twelve...but I will tell you that there are many more because there are many realms or levels of Heaven and they all have their access points. Some of the Gates described in My Word mention that they are adorned by precious jewels and precious metals and this is true. In some accounts, the Gates are listed as being hundreds of feet high and wide and deep, and this is true. Some

renditions say that they are like a tunnel of light, and this is true. Some say that they open only to the righteous, and this is true to a degree, for even those who believed but misunderstood My criteria for Heaven will be allowed to enter the Gates, but after an explanation of The Truth to the souls who stand ready to enter—they will be told that in order to meet the minimum criteria for Heaven that they must learn more and have all sin purified in a realm of correction.

These worthy souls are then dismissed to their time of purification, only to be called back again when completed. Many of the population in modern times will experience this for a number of reasons...the most frequent being the mistaken belief of ‘once saved always saved’. God’s expectations and minimum standards are far above what most believe to be true today, yet the full Truth can be found in My Word, for the careful student.

For reference, gates are just a term used so that humans can understand the entry and glory of the heavenly realms and so humans can relate to the physical. Truly God can make the Gate be whatever He chooses, and mostly the Gates and the access tunnels that lead to the Gates are made of elements that humans have not yet identified; for if the tunnels were constructed of the man-known elements, one could not travel to the Gates from points on Earth for millions of Earth years, because the fastest mode of travel that humans fully recognize is the speed of light, and this is a very slow mode of travel in the heavenly realms.

These elements of transportation not only facilitate the spirit being being moved from one place to another, they also protect from intruders who may attempt to approach a heavenly realm unauthorized. Only those tunnels opened by God and travelled by the angels will be

open to spirit beings to access the heavenlies. While in these tunnels, the spirit is transported at a very fast rate directly to the Presence of Jesus and others in the heavenlies; and normally Jesus greets the traveler and goes over all relevant information relative to the spirit being and their position that they will attain, then sends them to the temporary or permanent realm—the righteous going to a representation of the Gates of Heaven as they make their grand entrance.

Once in Heaven, the Gates are not open to that spirit being again in that realm, however when the being attains the necessary growth to move up to a higher realm of Heaven, a new gate will be opened to pass through in much the same way as the first.

These gates have not keys, but the secret to opening them is righteousness, holiness, and purity. If you live your life in this manner, you will see the Gates open to you then close behind, indicating that this now is your permanent home.

I pray that you experience this.

With love and encouragement,

Ruach HaKodesh”
