

REALMS AND SPIRITUAL TOUCH

“The calendar of life turns another page soon and you will recognize a new year ahead as you go about your daily tasks and obligations. What will be different in the new year as opposed to all the years in the past? Will you attempt to get in closer touch with the spiritual side of your being? Will you recognize more clearly the ‘unseen’ or the supernatural aspects of your complex reality, or will you shrink back into a ‘single plane’ reality where all that you know can be touched, tasted, smelled, seen, or heard? Do not forget you have a sixth sense called ‘spiritual touch’ that is as real as the others but it requires cultivation in order to be strong and immediate.

The spiritual reality is always with you and around you, but if ‘spiritual touch’ is not strong you will perceive little of it and this can be harmful to you and your life. Many difficult situations can easily be avoided if one is keenly in touch with the spiritual, and this also includes ‘discernment of spirits’ which is a gift in the sixth sense area of ‘spiritual touch’.

The spiritual realm that runs parallel to the physical realm is very active and is much more complex than the physical and all activity is accelerated. Those in the spiritual such as angels have direct access to the divine realms and they move back and forth frequently as they carry out the protection and service of and to the physical realms.

There is an evil side to the spiritual realms as well and for humans not to be aware of this is a great burden, for if one does not war against it, it surely will affect many areas of your daily life and none of this is good. You have the power to intercede on your behalf and on behalf of others to the spiritual realm, and these entities that represent good there stand ready to help; and in fact this is why most of them exist for the service and protection of those in the physical who are in God’s Mercy. The power in the spiritual realm is immense and one angel can affect huge events on earth, and you especially if you are righteous, holy, and pure, can send angels on missions that by your human standards would be impossible and they can be accomplished. You as a finite being in the physical, can promote extremely profound acts and events in the spiritual, and you can be instrumental in great changes in the physical. Read in My Word about some of the great events that occurred as a result of one or more powerfully exercising their sixth sense of ‘spiritual touch’, there are many.

This special sense is called ‘spiritual touch’ because it is ethereal and physical in that through non-physical means, physical events can occur such as one’s destiny being changed simply by the intercession of an angel in one event such as a serious accident; or intercession by The Holy Spirit or one of the other Great Spirits in directly speaking to one who then changes the course of their life. Settings of events can also be altered by divine spirits’ interventions, there are many cases where events have actually been set up in order to facilitate specific actions on Earth...this is common.

Alternately, in the influence of evil this can occur as well...such as when one who is demon possessed follows the instructions of Satan in carrying out various physical actions that then affect many others. Satan also has creations that are prevalent on the Earth as well and they daily influence events as well. Such will be the case in the time of the anti-Christ which is directly ahead and all of God's children need to know His Word relative to this time—so be diligent in your study of the Word and arm yourself with all the knowledge that you will need in order to win the battle for your soul during the times of trouble ahead.

As the calendar turns you will see this spiritual activity accelerate as the Calamity is ushered in, so be aware and exercise your 'spiritual touch' so that it will be healthy and strong.

May this wisdom become a part of you."
