

**PERFECTION AND UNDERSTANDING**

***“You are right My imperfect human child...your heart, mind, soul, and strength should all be set to your ultimate goal of perfect love and complete understanding of The Father...and to have a burning desire always to become as He Is.***

***This is the pinnacle of all existence both on Earth and in all the rest of the physical and spiritual realities. Those who pursue this goal and do not allow sin, evil, and weak fleshly compromises to deter their spiritual and molecular growth—will see God and will have communion with God, the likes of which cannot be imagined even by the most brilliant of human minds.***

***God is far above all and to connect with Him on even the most trivial level for a human being is a great blessing and accomplishment, and this connection would have a profound and eternal impact on the human to the point of being life changing. But to commune with God on a high level would be completely incongruous with the human state, and would result in the immediate destruction of human life within the elements that sustain the human existence. However with a continued pursuit of The Father...with a fervent desire to reach the pinnacle of perfection and to accomplish a complete understanding of God, you will throughout the eternal eras to come, grow to be in communion with The Father and you will be changed in ways that are so profound as to be beyond human communication.***

***You will be a Great Spirit and a close compatriot of The Ruler of all existences....God; and you will share His Glory and you will see His Creations unfold before your very eyes and you will understand why He does it and for whom, and you will understand how He does it, as you marvel at His Infinite Power, Love, and Wisdom.***

***You will never grow to be ‘as God’ because this is not included in the Eternal Covenant, but you can grow to be so close to perfection that you will glow with Holy Light and Holy Love; and you will glory in sharing It with all others that you commune with in compatible realms of Heaven. Your love will be so soothing to the other spirits that they will be totally edified in peace and wisdom, and you will be sought for counsel and learning by others who wish to grow to the same stature, and you will gladly and lovingly share all that you know so that others can rise to full communion with God as well; for this is what He wishes and this is what edifies Him as well...and in your natural service you will take great pleasure in helping with the raising of spirits to better know The Father.***

*In a way...and in a much smaller scale...this is what you are doing now through relaying these Letters from God to all people of the Earth. You are sharing the necessary wisdom that all need to rise up spiritually in a way that they can better understand God and thus be challenged to grow further—for without this basic understanding of God, the human condition remains the same, and all are satisfied in their 'prison of ignorance' that leads to pain and suffering and failure. Pray that millions see these Letters and read them and understand them and live the teachings within them, for if they do not, their eternal future will be one of penance before pleasure, or complete failure in eternal pain and suffering.*

*I give you and all humans this wisdom for the time of the Earth is closing and I wish to gather all that I can to Me. Thank you for your obedience in hearing My Words and for the courage to relate them publicly to a dying world—your efforts will not be in vain and you and all who help you in this effort will be eternally blessed.*

*May all who read these Letters know that they all bear The Seal of God, and that they are for the salvation of all on Earth.*

*Blessings in Truth.”*

*Ruach HaKodesh, with YHWH*
